

令和3年度「日本薬局方の試験法等に関する研究」研究報告 クロマトグラフィーによる医薬品分析の国際調和*2

加藤 くみ子*1

International Harmonization of Drug Analysis Using Chromatography*2

Kumiko SAKAI-KATO*1

Summary

The harmonised general chapter Chromatography was signed-off by the Pharmacopoeial Discussion Group (PDG) in September 2021. One of the main topics is the harmonization of terminology, definitions and interpretation of chromatograms. In this study, some terms which had not been included in the version <2.01> were examined.

Key words

Chromatography, Harmonization, Terminology
